Editor's Notes:

Depending on the level of your students, this lesson can be broken up (by doing one page per day, for example) or completed all at once.

You could follow up by introducing colors to students using our Colors flashcards: https://esllibrary.com/flashcard_genres/24/flashcard_categories/142. Explain that colors are also adjectives that can follow the Be verb. Ask students about the color of objects in the classroom and have them answer in complete sentences. (E.g., Teacher asks, *What color is the stapler?* Student replies, *The stapler is black.*)

For grammar presentation notes and further practice with adjectives, see our Adjectives lesson in the Fun Grammar Lessons section: <https://esllibrary.com/courses/116/lessons/2496>.
