### Editor's Notes:

Depending on the level of your students, this lesson can be broken up (by doing one page per day, for example) or completed all at once.

If you think your students are ready, you can introduce the phrase "how often" and ask students how frequently they do the actions in the lesson. (E.g., Teacher asks, *How often do you eat breakfast?* Student replies, *I usually eat breakfast.*)

For grammar presentation notes and further practice with frequency adverbs, see our Adverbs of Frequency lesson in the Fun Grammar Lessons section: <https://esllibrary.com/courses/116/lessons/2497>.
